PISB TECH RUSH 2024

Rules and Regulations

- The Problem Statements will be released on **12th July 2024.**
- **Registration form** will be floated along with the problem statement. Only the leader of the team needs to fill the form.
- A team can consist of a minimum of **2 members** and a maximum of **4 members.**
- If a team consists of **atleast 1 PISB member** then their registration fee will be **waived**.
- Team registrations will be open till **18th July 2024 11:59 PM**.
- The Problem Statements are categorised into the following domains:
    1. **Frontend Development (Web/App) .**
    2. **Artificial Intelligence/Machine Learning.**
    3. **Full Stack Development.**
- Tech Stack will be restricted to the following for Web and App problem statements.
    1. **Web** - Django, DRF + HTML, CSS (Bootstrap or Tailwind CSS), JS, React, Node.js, Express.js, Next.js, MongoDB, Any SQL Database, Postgres.
    2. **App** - Flutter
- The use of Tech Stack is up to participant's discretion.
- You have to choose **two** preferences out of the Statements given. You'll be notified of one of your preferences from the problem statements on **the day after your registration.**
- The evaluation of the solutions for the Problem Statements would be conducted on **Sunday, 21st July 2024.** Participants should provide evidence of their progress.
- To ensure that your project is developed from scratch, we'll require a **GitHub repository** with a proper **Readme** file to track your progress and confirm your work's origin.

- **Plagiarism**, if caught, will result in **disqualification**.
- Registered teams will be assigned mentors. These mentors will be the TEs of the **PISB Tech Team**.
- Participants are expected to maintain a **steady level of performance** over the course of the hackathon.
- **Tech Rush Judgement criteria:**
    - Consistency
    - Completion status
    - Additional features
    - Design (Frontend)
    - Integration
    - Proper Responsiveness
    - Plagiarism Check

All The Best….
